**DETAILED ACTION**

1. The Office action regarding to the Election/Restriction mailed 8/25/03 had an error. The Group I should have included claims 1-12, 13-24, and 27-28 instead of claims 1-12, and 27-28 as previously indicated, and Group II should have included claims 25-26, and 29 instead of claims 13-24, 25-26 and 29. I'm sorry for the Office action delayed.

***Election/Restriction***

2. Restriction to one of the following inventions is required under 35 U.S.C. 121 has been re-phrased as below:

- I. Claims 1-12, 13-24, and 27-28, drawn to an improved data receiver synchronization apparatus comprising a feedback means, classified in class 375, subclass 358.
- II. Claims 25-26, and 29 drawn to a synchronizer, classified in class 375, subclass 354.

3. The inventions are distinct, each from the other because:

Inventions I, and II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions are claims 1-12, and 27-28, drawn to an improved data receiver synchronization apparatus comprising a feedback means; and claims 13-24, 25-26; and 29 drawn to a synchronizer.

Art Unit: 2631

4. Because these inventions are distinct for the reasons given above and have required a separate status in the art as shown by their different classification and by their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
